

Prop 35- YES!

Talking Points

- Prop 35 would increase prison terms for human traffickers, require convicted sex traffickers to register as sex offenders, require all registered sex offenders to disclose their internet accounts and activity.
- It would require criminal fines from convicted human traffickers to pay for services to help victims and mandate law enforcement training on human trafficking.
- The FBI cites three California cities (San Francisco, Los Angeles and San Diego) as high intensity child sex trafficking areas. Prop 35 would help to protect women and children from this exploitation.
